GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Shot Two Women.

Mrs. Fredericka Joachim was shot through the body in Washington yesterday afternoon while her daughter clung to the back of the assailant and was in turn shot.

Amos Brown, a cab driver, hatless and with a smoking revolver in his hand, was captured within half a block of the house. Enraged because the woman would not marry him, he is charged with attempting to kill her.

Mrs. Joachim and daughter were removed to the Casualty Hospital, where the mother's condition is critical. The bullet pierced her lungs and kidneys. Mamie Joachim, the daughter, was shot in the neck. She will recover.

Since Mrs. Joachim has been a widow, about ten years, Brown has repeatedly asked her to marry him. The police say he was staggering under the influence of liquor yesterday when he went to her home, at 617 H street northwest.

He became involved in a dispute with the widow, and went into the front room, where Miss Joachim, who is a waitress at a lunchroom, was preparing to go to work for the night. He talked with the frightened girl for a few moments, and then tried to kiss her, but before he succeeded she ran to her mother.

Mrs. Joachim was advancing with a protest, when it is alleged Brown fired. As he drew the pistol the daughter leaped upon his back to stay the shot, but her reward was a cry of pain from her mother, who staggered through the door. The frenzied man shook Miss Joachim off and turned the weapon upon her. The bullet pierced her neck and lodged in her month, staggering her to the side of the room.

As Brown rushed from the house Robert Miller, attracted by the shooting, attempted to stop him. A bullet was fired at him, but missed its mark. Stephen O'Day and Miller caught the fugitive, and he was turned over to the police.

The police who investigated the affair state that Brown had been living at Mrs. Joachim's house for a number of years and that yesterday he borrowed money from her to purchase a hack. Instead of buying the vehicle, it is alleged, he spent the money for drink, and last night returned to the house and demanded more money. When it was refused he became angry, it is declared, and pulled the weapon from his pocket and began firing.

The Morocco Conference.

America's members of the Morocco conference will do nothing until they get orders from Washington on everything that comes up.

The American delegates will attend this important gathering absolutely uncommitted to either the German or French contentions. Their principal object is to bring together in harmony what may turn out to be divergent and hostile interests.

Eleven European countries and the United States will send two representatives each to the conference, which will meet next Tuesday in Algeciras, Spain, a small town seven miles from Gibraltar Strait.

The events which led up to this conference are these: Morocco, an absolute despotism, has been in turmoil many years because there are no laws, and the Sultan has had to wage steady war against pretenders to the throne. This made the Arab tribes in Algeria (French territory) uneasy and France sought to assume guardianship over Morocco but Germany objected.

France and Britain, signed April 8, 1904, an agreement under which Britain gave France a free hand in Morocco in return for a free hand in Egypt and the settlement of the Newfoundland fisheries disputes. Britain agreed further to back France in Morocco. France sent a special mission to Fez last year; Germany and Great Britain did the same. Later Germany's Emperor visited Tangier and made a speech, assuring the German residents that Morocco's sovereignty and integrity should be maintained. The same day France's Foreign Minister (Delcasse) said in the Senate at Paris that "resistance in interested quarters will not cause France to change her policy." These utterances excited Europe and so strained relations that an international conference was called. Delcasse was forced to resign, and Premier Rouvier took the foreign portfolio, thus preventing war between Germany and France, it is believed, as the former was pressing the latter very hard. After considerable diplomatic manoeuvring Germany and France, agreed on an outline programme for the conference. The main topic to be discussed is whether France is entitled to a privileged position in Morocco. Germany wants international control of the police, customs and other matters and an "open door."

Patterson Convicted.

William Patterson, charged with attempted criminal assault upon Miss Cora Crittendon, an eighteen-year-old girl, was found guilty in the Henrico County Court yesterday, and his punishment fixed at five years in the State penitentiary. Motions for an arrest of judgment and to set aside the verdict as contrary to the law and the evidence were made. The latter motion will be considered later.

The jury deliberated over their verdict for fifty minutes. Patterson heard the reading of the verdict without a quiver. He stood with both hands upon the bar as the clerk read from the indictment the finding of the twelve men who had the case in hand. Afterward he looked over the court room and nodded to his friends who were in the rear. The father of the prisoner, an aged man, showed more emotion at the verdict than the son.

The crime for which Patterson has been found guilty is alleged to have been committed four years ago. Miss Crittendon related the details of the attempt when on the stand several days ago. Attorneys for Patterson attempted to break her testimony by the introduction of evidence tending to show that her character was not good. It was alleged that she was in love with Patterson, and that the suit was brought against him at the instigation of another lover after the girl had become piqued at Patterson's indifference. Patterson, upon cross-examination, refused to answer questions relative to the character of the girl. He said that he would not do so even if his case should be prejudiced thereby. Patterson acknowledged that he had purchased clothing for the girl.

Easy to Buy D. D. Degree.

That the degree of doctor of divinity is easy to purchase was the testimony Wednesday in New York at the hearing of the contest of the will of Francis A. Palmer, president for 52 years of the Broadway Bank, when Mrs. Isaac H. Mason, a niece of the aged banker, was called to the witness stand before a judge and jury in the Supreme Court. The witness declared Mr. Palmer had told her he had purchased such a degree for at least one of the ministers that were around him at the time. Monday night was called "ministers' night" by the members of the family, and on that night they always held a meeting. Asked if she remembered any conversation between Rev. Dr. Childs and Mr Palmer, the witness replied that he wanted her uncle to publish a book. Mr. Palmer refused, she said, saying that he had already arranged for the publication of one book. Roderick J. Kenney testified that every time he visited Mr. Palmer he was surrounded by ministers, who were endeavoring to get money out of him under some pretense or another.

Lady Warwick on the Stump.

Lady Warwick, the court beauty, known as the "democratic countess" took a hand in the election struggle in London yesterday, addressing her "comrades and friends" the dock laborers of West Ham, in support of the dock laborers' candidate "Will" Thorne. The countess, in a dainty Parisian costume, braved the bleak wind while from a tradesman's wagon she urged the laboress to work to secure an independent labor party in the House of Commons. She asserted that she was convinced of the ultimate victory of the democratic movement, and prophesied that the new government would not last longer than 18 months. "You workers," said the countess, "are the empire. Remember your responsibility and sow the seeds of freedom for your children." The countess was accorded a tremendous ovation by crowds of dock laborers who went without their dinners in order to listen to her speech.

The Diamond Cure.

The latest news from Paris, is, that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vanleer, Tenn. "I had a cough for fourteen years. Nothing helped me until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief and affected a permanent cure." Unequalled quick cure for Throat and Lung Troubles. At E. S. Leadbeater & Sons' drug store; price 50c and $1.00, guaranteed. Trial bott'e free.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

FRIDAY EVENING, JAN. 12, 1906

SINCE LAST Monday newspaper men in Alexandria have been kept busy answering questions concerning the mysterious murder which has, so far, baffled the skill of the authorities. There is absolutely nothing new concerning the affair, nor is there the slightest clue upon which to work. The fact that a well-known young man was some time after 3 o'clock on the morning of the 24th of last December butchered and his mutilated body thrown in one of the city docks is about all that the police seem to know. The identity of the murderer or murderers has not been ascertained, nor has the theatre of the crime been located or any of the details learned. This is not the first horror brought to light in Alexandria in late years, while there have been murderous assaults, two recently in public houses in the western section of the city. In one case, although a number of men were in the saloon at the time, the assassin was never identified, or if known, was never brought to justice. That the city is infested with men capable of committing such crimes is calculated to cause uneasiness, and in a place like Alexandria, with but a small floating population, it would seem that suspicious characters should be more generally known and be under the espionage of those whose duty it is to protect life and property.

SCORING the "stand-patters" in their contempt for public sentiment and their opposition to the Philippine tariff bill, Mr. Williams, the minority leader, declared in a heated debate on the floor of the House yesterday evening that the republican party in its present decadent condition, had neither the brains nor the courage to remedy the tariff. "That is the reason" he declared, "why you are going to have a democratic House of Representatives at the next election." Discussing the United States presence in the Philippines, Mr. Williams exclaimed: "Curse the hypocrisy of the fellow who tells me that God put us in the Philippines. Nobody but a hypocrite would say it, and nobody but a fool would believe it. American greed; American cupidity for prestige and conquest and to become a world power went there." And no one can truthfully controvert a single word he uttered.

MR. WILLIAMS, of Mississippi, has given further evidence of his breadth of mind by his support of the bill to reduce duties on Philippine products. Some democrats opposed the bill on the ground that any tariff on the products of the islands was unconstitutional, but Mr. Williams reminded them that the Supreme Court had decided that the Constitution did not apply to the case, and he declined to fight the tribunal of last resort. "We are in the hands of the tariff robbers," he said, "and it is the part of common sense to get off with as little robbery as we can." Because he opposed the tariff he would not throw away an oportunity to get a low one in place of a high one. As well says the Philadelphia Record: "The duty of democrats is to support the bill which gives a large measure of justice to the Filipinos, though it is incomplete."

IT IT STATED that trainmen on the Santa Fe have been greatly interfered with of late by a horde of tramps, who, to the number of 2,000 or more, are said to be camping along the lines between Deming and Albuquerque, N. M. All railroad men are obliged to go armed, and a number have been appointed deputy sheriffs to protect the trains. With the present reported prosperity of the country and the demand for all kinds of labor it appears strange that some means cannot be resorted to to make these two thousand and the other thousands of tramps all over the country work for an honest living.

ONE of the mistakes of the "stand-patters" in Congress is in assuming that the nations of the world cannot dispense with the products of this country, and that, therefore, no need exists for mitigating the obstructions to commerce in the exorbitant Dingley duties. The high tariff men will be apt to discover too late that there are regions of the earth besides the United States upon which European consumers can draw, when pressed by necessity, for supplies of wheat, flour, corn, cotton, meat and other staple products.

A BILL appropriating $15,000 each year for the President's transportation expenses was recently introduced in the House by McCall, of Massachusetts, who wishes the President to be independent of the railroads and still not have to pay out of his own pocket. Now some one should introduce a bill to appropriate money with which to buy the President meat so that he could be independent of the meat trust. One proposition is as reasonable as the other.

A PROPOSED measure of much practical importance, introduced in the House of Delegates yesterday, was a bill introduced by Judge Williams, of Giles, to prevent fire insurance companies doing business in this State or their agents from entering into combinations for the purpose of making or controlling rates of fire insurance and providing adequate punishment for violation of the act. This is a measure that should be passed at once.

AN ORGANIZATION of parents in the Wells school district of Boston has prevailed upon the Board of Education to employ a nurse in the four schools of that district for the purpose of assisting pupils taken ill, or caring for those injured in sports. If nurses, why not doctors, free medicines, &c? Where will this "free" business end? But only ignoramuses think that all this is free.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Jan. 11.

The democrats of the House Committee on Interstate and Foreign Commerce today declined to accept the Hepburn bill, amended so as to embody certain features of the Townsend bill, upon which the republicans of the committee have agreed. Consideration of railroad rate legislation was begun but abruptly postponed until next Friday, ostensibly in order that democrats may have an opportunity to study the republican measure, but in reality to give them time to perfect a substitute bill.

The House committee on the judiciary today set February 15, as the date for hearings on the proposed constitutional amendment providing for woman suffrage.

An animated discussion is going on between President Roosevelt and certain of his advisers as to the manner in which the future work upon the Panama canal shall be done. The President advocates the plan of having part of the work done by contract and part by the government, so that comparisons can be made from time to time. Many of the President's friends, among them being Senator Crane, declare that the entire ditch ought to be dug by contract so that the government be spared the vexation of worrisome details and the employment of many unnecessary clerks and auditors whose pay will materially increase the cost of the canal. Senator Crane is confident that the work can be done much cheaper by contract. There are still others among the President's advisers who believe that the government ought to do all the work without bringing in any contractors at all.

The President has informed the members of the Senate committee on interoceanic canals that he hopes to submit to Congress within three weeks, his recommendations on the type of canal to be constructed across Panama.

Congressman Henry C. Adams, a Wisconsin republican, in a speech in the House late yesterday afternoon, laid the responsibility of the defeat of Gov. Myron T. Herrick in Ohio at the feet of President Roosevelt and Secretary of War Taft. He spoke in opposition to the Philippine tariff bill and endeavored to show that independent exercise of the voting privilege was to the liking of the administration. Mr. Adams' statement was the first public admission from the republican side that administration influences were responsible for the defeat of Herrick in Ohio.

Secretary Root has had several conferences recently with the French, British and German Ambassadors. The State Department, so far as informed of the desires of these powers, understands that they are unanimous as to what shall be done by the Moroccan conference. This unanimity extends to the trade propositions. No proposals have been made to the State Department about Moroccan internal affairs. The refusal of French and German diplomats at present to acquaint the other powers formally of what they propose, when considered in connection with the admitted gravity of the situation, causes anxious speculation as to just what hidden daggers they will carry to the conference.

Sixty-five or seventy republican members will vote against the Philippine tariff bill when the roll is called on Monday, but their defection will be more than made up by 100 and odd democrats who will vote with the "stalwarts" for the measure. This is the way that Representative Watson, the republican whip of the House, "sized up" the situation today when he called to hold a consultation with the President. Mr. Watson said that the tariff bill was in no danger and that the statehood bill was even safer. He guessed that the statehood bill would be passed in about a week after the Philippine measure was disposed of.

The War Department today received a dispatch from Collector Colton, receiver of customs in Santo Domingo, to the effect that Carlos F. Morales, president of the the Santo Domingo republic, has taken refuge at the American legation in Santo Domingo city, suffering from a broken leg. Collector Colton's dispatch is as follows: "Carlos F. Morales, with a broken leg, accompanied by representatives of Monte Christi revolutionists took refuge in the legation of the United States here last night. He is expected to resign today." The State Department has advices confirmatory of the War Department dispatches, Morales will be given safe conduct from the country, possibly in a United States man-of-war. His destination in case he abandons Santo Domingo has not yet been decided upon.

The House committee on public buildings and grounds, although not by any means convinced that Speaker Cannon will permit them to report a public buildings bill, is proceeding just as though such a bill will in the end be granted the legislative right of way.

The final break between Venezuela and France seems to be impending. COURT OF APPEALS.

The Court of Appeals devoted its entire day yesterday to a hearing of the argument in the case of the Norfolk and Western Railway vs. the Tidewater Railway, an appeal from the decision of the State Corporation Commission.

No decisions were handed down yesterday. Appeals were granted in the cases of Chilton vs. Hannah and Strother, etc., vs. Strother's administratrix, etc. The former is an appeal from the Circuit Court of Appomattox county, and the latter from the Corporation Court of Lynchburg city. Today the applicants for license to practice law in Virginia will be examined in the Court of Appeals The examination began at 9 a. m. and will conclude at 6 p. m.

The next cases to be called in the Supreme Court are Bellonot vs. Laube's exor. and Evans vs. Atlantic Coast Line Railway Company, Nos. 21 and 22 on the argument docket.

Preliminary Hearing.

The preliminary hearing of John S. Hawkins and Henry C. Michie, charged with blackmailing and extorting money from the late Robert D. Ballantine, who committed suicide in Newark, N. J., early in December, was held before Justice Watson in Charlottesville, yesterday afternoon. Hawkins was held for the grand jury, but decision was reserved in Michie's case. A check for $100, payable to Hawkins, and two for $1,000 each, payable to Duncan, the unarrested member of the accused trio, all identified as signed by Ballantine, were produced in court. A witness testified to another note for $4,000, dated ahead, which was in a safe-deposit box at one of the banks. This was drawn in Duncan's favor. No check drawn to Michie's account was produced, but his uncle testified that he had funds which Michie said was "hush money." In other respects the testimony simply repeated what has already been published. George Mason, to whom "Edge Hill" was willed by Ballantine and who was manager for Ballantine, testified that Ballantine's income was about $60,000, and that he spent practically all of it.

THE LEGISLATURE.

SENATE.

The Senate was not in session yesterday.

HOUSE.

The pet measures of members of the legislature poured in on the clerk's desk in the House yesterday in a steady stream. Very little else was done.

The resolution offered by Mr. Lion Wednesday and adopted by the House, restricting admission to the House, excludes a good many who have heretofore had the privilege, and is causing criticism. Colonel Newhouse, doorkeeper of the House, yesterday called the attention of the Speaker to the wholesale exclusion, and was instructed to enforce it.

Dr. R S. Powell introduced a bill prohibiting the game of football in Virginia, under penalty of from $50 to $500 for each game. Its reference to the committee on colleges and schools created laughter.

The indications are that many members will have bills embodying their own ideas on schools. These will all go to the committee on schools and will be sifted down and result in the passage of a general bill, which will be offered by the committee after consultation with the school board and best school authorities.

Mr. McRae has a bill providing for an appropriation of $200,000 for roadbuilding.

The following bills were among those offered:

By Mr. Throckmorton—To require all criminals sentenced to death to be executed at the State Penitentiary; authorizing a bended indebtedness for the purpose of conducting and improving public roads; to establish a State highway commission.

By Mr. Caton.—To provide for the payment of pensions allowed under the existing laws to soldiers and sailors of the Confedracy; in relation to the assessment for local taxation of the rolling stock of railroad corporations; to provide for setting apart and appropriating a proportion of the general revenue of the Commonwealth for the support of the public schools.

By Mr. Withers—To authorize the court in which they are tried to sentence certain prisoners to hard labor on the public roads instead of confinement in the penitentiary for the commission of a felony.

By Mr. Barrett—To require the closing of all places for the sale of spirituous liquors between the hours of 12 o'clock at night and 5 o'clock in the morning, and to prohibit the sale of liquors between said hours; to amend the act concerning public corporations as to require the separation of white and colored passengers on cars operated by electricity.

By Mr. Williams—To prevent fire insurance companies, associations or partnerships doing business in this State from entering into combination to make or control rates.

By Mr. Cox—To empower the School Board of Arlington district, of Alexandria county, to borrow $20,000.

A call has been signed by a large majority of the democratic members of the General Assembly for a joint caucus to be held in the hall of the House of Delegates at 8 o'clock to night for the purpose of disposing of the two contests in circuit judgeships and the fight for Public Printer.

FIRE IN NORFOLK.

Fire last night completely destroyed a four-story peanut warehouse, filled with high-priced goobers, badly damaged Norfolk's new jail and destroyed the big factory and foundry of R. W. Whitehurst & Co., causing a loss of $100,000.

When the flames menaced the big jail the 389 prisoners in the structure began calling pitifully for help, the heat being almost unbearable in the big steel building. An appeal for assistance was made to Col. A. M. Higgins, commanding the Seventy-first regiment, and Company B of that regiment, which was in its armory at the time, was rushed to the scene, and between cordons of citizens, police, and soldiers the frightened prisoners were marched to the City Hall and locked in the council chambers and various other rooms. The police stations were also crowded with frightened prisoners. Despite all of the precautions, at least ten prisoners escaped, among them being Sol Greenstein, arrested in New York and held for trial in the United States Court on the charge of perjury, and Louis Brown, held for throwing a lamp in a woman's face.

Electric and telephone wires in the vicinity of the fire were prostrated and the business section of the city was completely without current. The performances in the theaters were suspended, and their audiences rushed to the fire.

The building in which the fire originated is only a few feet from fire head quarters and adjoins the jail. The blaze was discovered by a warden in the prison, and before the firemen could get out of their stations the streets in the vicinity were made impassable by black clouds of thick peanut smoke, which is dreaded by all firemen. Engines, trucks, hose wagons, and all kinds of fire apparatus were for a time entangled, unable to see their way, and the clanging of the gongs was drowned by the moans of the hundreds of frenzied negroes in the jail, who were banging on their steel doors, praying, and singing.

Before the firemen could get to work the enormous building was a seething furnace, and the thousands of gallons of water that were poured into the blazing structure only generated steam and increased the density of the smoke. Within an hour after the alarm was sent in, the big building toppled over and fell on the jail, badly damaging that structure and wrecking completely the factory and big foundry of R. W. Whitehurst & Co., which was afterward burned. Then it was decided to release the prisoners in the jail, as the flames had begun eating their way through one of the fire shutters, and the others that were not closed formed flues through which sheets of fire spurted.

Five people were slightly injured by flying debris, but none was seriously hurt.

It was absolutely impossible to estimate the loss last night, as the stock of the peanut company's warehouse usually fluctuated. The Whitehurst property is one of the most valuable plants in the city, although the building loss will not be great. The damage to the jail consists of a broken roof.

An agreeable movement of the bowels without any unpleasant effect is produced by Chamberlain's Stomach and Liver Tablets. For sale by Gibson & Timberman and W. F. Creighton & Co.

Today's Telegraphic News

The Annapolis Court Martial.

Annapolis, Md., Jan. 12.—It is announced today in official circles that Midshipman Marzonia, of Pensacola, Fla., and Worth Wright Foster, of New Albany, Ind., and both members of the graduating class, who were tried before the court martial several days ago for hazing fourth classmen, have been convicted of the charges. This knowledge is gained through a statement that had an acquittal resulted, the announcement would have been made shortly after the reception of the record by the superintendent who is the reviewing authority.

But it is announced that the records in the two cases are held up to await final action of the Navy Department. The inference is plain, therefore that conviction is the finding in the cases and dismissal will follow in short order.

The trial of Midshipman John Paul Miller, of Lancaster, Kentucky, another star man of the graduates on hazing charges, began before the court martial this afternoon. There are two separate charges against Miller, and four specifications under each count, all alleging the hazing of "plebes," and constituting the most extensive of any previous discovery of hazing during the present crusade.

The case of Midshipman S. Decatur, of the first class, who for the last three days has been on trial before the court-martial here on charges of "hazing" and of "countenancing or encouraging hazing," was given to the court today, after adjourn argument by counsel for the accused and Judge Advocate. This was the second trial of Decatur he having been acquitted on the previous charge of hazing.

The second charges were hazing, in that he compelled Midshipman Stephens of the first class to deliver a foolish message to Midshipman Marzoni, which resulted in his being hazed, and for other acts.

More Arrests.

New York, Jan. 12.—Besides Charles Augustus Seton and Samuel Humphreys, arrested yesterday in connection with the Norfolk and Western stock certificate forgeries, the police are holding at police headquarters three other men, and today announced that when a fourth is captured they will have in custody all who can explain what was probably the largest swindling operation Wall street has known in many years. Wall street and the Pinkertons were inclined today to harshly criticize the Hamilton Bank Note Company, which lithographed and printed the 500 fraudulent certificates for Seton, accepting as authority a letter addressed to Seton on a Waldorf-Astoria letter head and signed "C. B. Franklin, President of the Norfolk & Western," which is mythical. Following the return of Seton from Turkeytown, Md., with detectives yesterday, and the arrest of Samuel Humpheys, of Brooklyn, the police arrested John Bough, aged 66, a broker living at No. 846 Greene avenue, Brooklyn; Jaron Seeley, a lawyer, of No. 331 west 51st street, and Thomas Gibbons, a clerk, of No. 789 Ninth avenue.

Seton was arraigned before Recorder Goff in Part III, of the Court of General Sessions, this morning, under the warrant on which he was arrested as a fugitive at Turkeytown, Md. He was remanded to the Tombs with bail until Monday for hearing on the original charge for the alleged swindling of a Texas railroad out of $6,000 and for which he furnished $5,000 bail is set.

Execution.

Trenton, N. J. Jan. 12.—Charles Long, colored, was hanged at 10.31 today without a hitch. Twelve minutes later he was pronounced dead. The execution was the quickest and best planned the state has ever known. From the time he entered the death chamber to the springing of the trap seventy seconds elapsed. Not a word was spoken during the entire execution.

The crime for which Long was hanged was the deliberate shooting of Matthew Cunningham, early in the morning of July 16 last in a little house on Pennington avenue at that time occupied by Long and his paramour, Mrs. Georgiana Jenkins, with whom he had been living for some time. It is said that Long had been jealous of Cunningham for some time, and had had frequent quarrels with the woman over the matter. Prior to the killing of Cunningham Long had a bad record. It was Long who shot and almost killed Theodore Ayres in 1890, and was later convicted of an atrocious assault and battery. He had always been of a quarrelsome disposition, when under the influence of drink. Long's wife is now serving time on a conviction of arson.

English Election.

London, Jan. 12.—The first general election occurs today at Ipswich, Suffolk county, where two seats are to be filled. In the last Parliament the liberals held one of these seats, and the conservatives the other, but it is expected that both will go to the liberals this time. Forty contests for seats are to be settled tomorrow and they will be followed by other elections throughout the country where the voting will occur during the following week. While it is impossible to forecast the outcome of the elections, from present indications the liberals will sweep the country. The conservatives up to the present point in the campaign have made practically no headway in their fight to change the feelings of the country against their protectionist doctrine. All the attempts of the conservatives to make the pro-Irish home rule sentiments of the liberals the predominant issue of the campaign have likewise met with little success. It is commonly predicted that the liberals will probably have one of the largest majorities in the party's history in the next Parliament.

An official announcement made in Paris today states that next Wednesday, January 17, has been selected as the date for the election for the new President of the republic to succeed M. Loubet.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammed portion of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Corbett and Herrera.

Los Angeles, Cala., Jan. 12.—Young Corbett and Aurelio Herrera, the shifty Mexican, are fit and ready for their battle tonight before the Pacific Athletic Club. Betting on the fight is at even money with a trifle more Corbett coin in sight. Corbett is in as good condition as he has been at any time in his life, his trainers say, and he predicts he will knock out Herrera inside of fifteen rounds. He seems to realize that if he is to keep in the game he must win this fight. Herrera, by fighting Eddie Hanlon a draw, demonstrated his class.

Mr. Jennings will act at the instance of the officers of the Grand Camp of Confederate Veterans, who are anxious to see the usefulness of the secretary of military records extended.

Released a Virginian.

Walter Randolph, 75 years old, a man of distinguished appearance, was in the Police Court in York, Pa., yesterday, charged with disorderly conduct. He told Mayor McCall that he is a judge of one of the courts of Virginia, that his term expires in June and that his home is in Roanoke, where he is well known. A resident of York, who formerly lived in Virginia, vouched for the correctness of the man's story, and the Virginian was released. His manners toward the Mayor, the police and all with whom he came in contact were those of the courtly gentleman.

Want to Hold on to Offices.

The Commissioners of Revenue of the State are in Richmond in force and are at work to have the present general assembly so change the law as to permit of their being appointed by the judges of the Circuit Court instead of being elected by the people. The law is plain that they are not to succeed themselves if they are elected by the people. The object of the change is to permit the passage of a law allowing the present officers to succeed themselves. There are now some 50 or 60 commissioners who are not democrats.

For the second time within two years Mrs. W. W. Wilson, of Chicago, until recently a resident of Austin, has given birth to triplets.

Minister Resigned.

Because of alleged attentions to young women members of the Cheshire, Mass., Baptist Church, at Pittsfield, Mass., the pastor, Rev. N. H. MacEwan resigned Wednesday night, and yesterday morning was missing from Cheshire. Women made up the majority of members at the annual meeting of the church Wednesday night, and anticipating trouble the pastor sent his resignation, which gave no reason for resigning, but asked that he be relieved at once. While no serious charges have been preferred against the pastor, it is openly stated that his ministry among young women assumed a too close and ardent relation. Rev. Mr. MacEwan went to Cheshire two years ago from Baltimore, Md., where he had been connected with a church. He is about thirty years old and has a wife and two children.

Steffens Hunts National Graft.

Washington as a hunting ground for corruption has not been in high favor for many years, but Lincoln Steffens, the man who has explored the political jungles of many cities and States, has gone there on a "graft-stalking" expedition. Mr. Steffens is the man who wrote "The Shame of the Cities" for McClure's Magazine, a memorable chapter of the series being devoted to what he was pleased to term "Philadelphia, Corrupt and Contented." In making his investigations in the cities and States, Mr. Steffens says he has found unmistakable signs of the trail of corruption leading toward the national capital. He will endeavor to learn whether or not the grafter has reached Washington, and discover his abiding place and his methods. The Steffens articles will appear weekly in the Sunday edition of the Philadelphia North American, and it is promised for them that they will be highly enlightening to all students of governmental affairs.

Killed by a Negro.

Edward Howell, colored, shot and killed George Fauver, white, near Fairmount Schoolhouse, across the Shenandoah river from Myerstown, W. Va., Wednesday night. The men had had difficulty of long standing about various matters, but the trouble which caused the shooting was the use of a spring near Howell's house and the public road. Howell used the water at his house, and it is stated Fauver was in the habit of watering his stock, which trampled dirt in the spring. On Wednesday evening when he attempted to do this Howell met him and, it is stated, Fauver used insulting language to Howell, who s cured a rifle and shot him in the breast, killing him instantly. Howell went to Charles Town yesterday morning and surrendered himself to Deputy Sheriff Young. Fauver was about 65 years of age and had a wife and several children. He went to Charles Town from Page county some years ago. Howell has a wife and six children.

The Smoot Will Case.

The Frances P. Smoot will case occupied the attention of the Corporation Court all day yesterday and again today, and from present indications the matter will not be submitted to the jury before early next week. Among the witnesses heard yesterday, after the Gazette's report closed, were Mrs. Burch, wife of Rev Francis M. Burch, and one of the beneficiaries, and Frank Burch, her son. The proceedings this morning were devoid of any sensational incidents, being merely a continuation of the examination of witnesses to prove the mental capacity of Mrs. Smoot at the time her will was drawn. When the court convened shortly after 9 o'clock Mrs. Burch, a daughter of the testatrix, took the stand and corrected her evidence, given yesterday, in one or two minor details. Mrs. Jones, another daughter of the testatrix, and the wife of Rev. W. Strother Jones, whose trusteeship Miss Smoot objects to, was the next witness. She was followed by Rev. Mr. Burch and Rev. Mr. Jones. The last named denied having had any hand in the framing of Mrs. Smoot's will, but it was brought out that the instrument was drawn while she was a guest at his house in Trenton, N. J., by an attorney recommended by Mr. Jones, but the witness disclaimed any ulterior motive and said that his mother-in-law had insisted upon making her will while in Trenton. At noon the attorneys for the proponents of the will rested their case with the understanding that they would later be allowed to place another witness on the stand if they could locate him. Court then adjourned until 2 o'clock.

When the court reconvened at 2 o'clock Rev. Dr. Strother Jones again took the stand and corrected certain portions of the evidence he gave this morning.

A number of letters, submitted by both sides, embracing correspondence between Randolph Barton, of Baltimore, and the late Mrs. Smoot and others, were admitted as evidence.

Miss Ella Rose Smoot subsequently took the stand. Among other things she said that up to her father's death and for some time subsequent, or until Rev. Dr. Jones married into the family the second time, the relations between her mother and herself were cordial.

The Coming Celebration.

The celebration of Washington's birthday, on the 22nd of next month, promises to be the most elaborate ever held in Alexandria. In addition to the United States military stationed hereabouts, there will be one regiment of militia from Maryland and another from Virginia. Already requests for positions in the line of parade are being received from secret organizations at Washington and vicinity. The railroads and steamboats will run special excursions, bringing large crowds from the surrounding country. The special feature of the celebration will be the large industrial display—showing advantageously the advancement of the manufactories and other interests. Efforts are being made to render this feature very elaborate, and the association has received much encouragement from business men of the community. The finance committee reports that the contributions thus far exceed those of previous years and if like responses are continued the celebration committee will not be handicapped by lack of funds.

Alleged Bigamist.

An officer went to Roanoke yesterday from Newport News for J. R. Hunter, who was arrested Wednesday charged with bigamy. The officer left Roanoke last night with the prisoner. As has been stated, the charge against Hunter is made by M. J. Green, of Newport News, whose daughter, Nellie, married the prisoner in Norfolk in 1904. It is said that the girl's mother received a letter from Mrs. J. R. Hunter, of Alexandria, Va., formerly Miss Ada Langley, telling of her marriage with Hunter three years ago. The case will be tried in Norfolk, as the marriage with Miss Green took place there. Hunter had known Miss Green about a year when they went to Norfolk and were married by Rev. Father Doherty, of St. Mary's Catholic Church. The pair lived together happily for a while, but, according to the wife's story, the honeymoon was hardly over before the groom began to be brutal, striking her at times.

German Building Association.

The annual meeting of the stockholders of the German Co-operative Building Association, No. 5, was held last night at their office No. 313 King street. The annual financial report was presented by the secretary and accepted. The following officers were elected: Isaac Eichberg, president; Justus Schneider, secretary and treasurer; Robert P. Aitcheson and E. C. Graham, directors for 3 years; Henry Baader, John D. Normoyle and Philip M. Bradshaw, trustees. The following dividends were declared for the year 1905: 2nd series, $8.50, per share; 3rd series, $5, per share; 4th series, $3.25 per share; 5th series, $1 per share.

The Memorial Bridge.

Senator Daniel called the Memorial bridge bill up in the Senate on Wednesday afternoon and endeavored to have it passed. Senator Allison said the subject was a very important one, and thought more time should be taken for it. Under that objection the bill was passed over.

The memorial bridge bill will pass the Senate," said Senator Daniel yesterday, speaking of his measure to appropriate $5,000,000 for the erection of a bridge across the Potomac from a point on the Arlington estate to a point on the naval observatory grounds. "I cannot tell as to its fate in the House."

Mr. J. M Johnson, commander of Lee Camp, has received a letter from Congressman Rixey stating that Congressman Champ Clark will certainly attend the Lee banquet in this city on the 19th inst., and will bring Mrs. Clark with him.

Funerals.

The funeral of the late Benjamin Greenwood took place this afternoon from Jones's Point lighthouse. A number of relatives and friends of the deceased attended. The services were conducted by Rev. Mr. Phillips. The following were the pallbearers: P. Aitcheson, Robert Evans, W. P. Graves, John Peyton, Howard Davis and A. Dean.

Mr. Greenwood was the oldest lightkeeper in the Fifth lighthouse district. He was born in Fairfax county in 1841 and was appointed to his present position November 19, 1861, during the exciting period about this city in the civil war.

The funeral of the late Mrs. Williams who died at her home on Patrick street Wednesday took place from St. Mary's Church this morning. The services were conducted by Rev. Father Bowden.

Evidence Reviewed.

The general court martial which convened in this city recently to try Charles Nightingill, a member of the Alexandria Light Infantry, who was charged with striking a noncommissioned officer at the encampment of the Seventieth Virginia Regiment at Basic City last summer, reconvened yesterday to review the evidence. The court was composed of Maj. James E. King, of this city, president; Maj. Gibson, of Culpeper, judge advocate, and Capt. Leach and Lieut. Waller, of Front Royal. The decision of the court was forwarded to the adjutant general.

Death of Old Resident.

Mr. Noble Johnson, an old and well-known resident, died at his home on Queen street, between Fairfax and Lee, at an early hour this morning. The deceased had been in feeble health for some time. Mr. Johnson was a waterman, but during late years had engaged in other occupations. He was a son of the late James Johnson and was the last of four brothers (John, William and Richard having previously died) who came to this city from Maryland many years ago.

Week of Prayer.

Rev. Messrs. J. P. Stump and Edgar Carpenter conducted the services in connection with the week of prayer in Trinity M. E. Church last night. "Society evangelized" was the theme considered. There was a large attendance and the services were interesting and impressive. The meeting to night will be held in the Second Presbyterian Church. It will be conducted by Rev. Messrs. J. A. Jeffers and J. H. S. Ewell. "All men redeemed and restored" will be theme for consideration tonight.

The Capital City Telephone Co.

In the Corporation Court today Messrs. Norton & Boothe and Mr. Robinson Moncure entered suit for David M. Newbold, of Baltimore, to wind up the affairs of the Capital City Telephone Co., and for the appointment of a receiver. The object set forth in the paper filed is to sell all the property of the company and to subject the money received therefrom to the payment of its debts, especially those due on bonds held by the Maryland Trust Company.

D. A. R.

The entertainment to be given at the Opera House on the night of Wednesday, the 17th, under the patronage of Mt. Vernon Chapter, D. A. R., promises to be one of the most attractive ever given in the city. The grace and beauty of those taking part ensure the success of the tableaux, and Mr. LeRoy, magician and illusionist, will present a very clever act, which, it is said, will hold the attention of his audience until the end.

Swallowed Laudanum.

A colored youth named Henry Foster, living at 422 north Patrick street, last night grew tired of existence, and concluded to make his exit from this world by the aid of laudanum. The quantity of the drug he swallowed would doubtless have accomplished the purpose had not his condition been discovered. Dr. Hopkins was summoned to attend Foster, and he soon cleared the stomach of the would-be suicide of the laudanum.

Plan Approved.

Secretary Taft and Gen. Mackenzie, chief of engineers, have approved a map prepared by direction of the Commissioners of the District of Columbia, showing a new highway plan for that portion of the District lying north of Sheriff road and southeast of the Alexandria branch of the Baltimore and Ohio railroad, and extending to the District line.

To Work in Temperance Cause.

Magnus L. Robinson, editor of Industrial Advocate of this city, has signed a contract to become a worker in the temperance cause. He has been appointed to this activity by the presiding elder of the Alexandria district of the colored M. E. Church of the Virginia conference, and will serve as a temperance colporteur and lecturer.

U. S. Court.

[Judge Edmund Waddill presiding.]

No business of interest was transacted today and the court has virtually concluded the business for the term.

The case of the Alexandria National Bank vs. Willis C. Bates Co., was continued for the present.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years from Rheumatism," says W. H. Howard of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Gibson & Timberman and W. F. Creighton & Co.

Forced to Starve.

B F. Leek, of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At E. S. Leadbeater & Sons' drug store; only 25c.

Personal.

Mrs. Susan Davis Jenkins, now of Fredericktown, Mo., in renewing her subscription to the Gazette makes kindly allusion to her many friends and schoolmates in this city, her former home.

Miss Katie Schwab, daughter of Conrad Schwab, and niece of the late Frederick Schwab, died at her home in Washington this morning.

Mrs. India Henderson returned yesterday after a two months sojourn with her son, Mr. J. Albert Henderson, in New York City.

Mr. William N. Ewing, of Shelbyville, Indiana, is visiting his mother, Mrs. Frances Barbour Ewing, on Prince street.

Mr. Wm C. Ritter, of the Hampton Monitor, stopped here on his way back from Clarke county, whence he went to attend the funeral of his mother, who was quite well when he visited her during Christmas week. Mr. Ritter conducts Mr. Harry Housten's paper, and says that Mr. Housten will re-introduce the bill in the legislature for a State school for the colored deaf and blind at once. The governor mentioned this matter in his message of Wednesday.

LOCAL BREVITIES.

Men were this evening, engaged in dragging the dock, in which the body of the late George Curtin was found, in search of anything that might lead to a clue to his murder.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Digests What You Eat

Forged Bonds Discovered.

With the announcement in Cleveland, O., yesterday afternoon by the bankers' committee examining the accounts of the brokerage and banking firm of Denison, Prior & Co., that forged bonds had been discovered, the primary motive for the suicide Tuesday of Leland W. Prior, president of the firm, became known. Prior is believed by the bankers who are probing his affairs to have sold forged municipal bonds in various parts of the country to the extent of at least $100,000. In addition he was heavily involved with customers for whom he was supposed to be carrying New York Stock Exchange accounts. Who engraved these bonds and who assisted Prior in disposing of them has not been revealed, but the bankers' committee, which has charge of all the affairs of suspended firms has put detectives to work and arrests may be expected. That there must have been several confederates employed in the manufacture of bogus certificates seems clear.

The bonds were sold in small lots, some in Cleveland, others in northern Ohio and others in Michigan. Still others were distributed, it is believed, through boad houses in the east. This much has been discovered. The bonds were not sold in large quantities to any one investor, and the individual losses will not be heavy. In all cases, it is stated, the loss will fall upon individuals well able to suffer the loss. One of the men employed in the investigation said yesterday that the failure will probably amount to $1,000,000 or $1,500,000.

Virginia House for Morgan?

Mr. J. Pierpont Morgan, of New York, is said to have leased West Brook, the country home of the late Major Lewis Ginter, in Henrico county, for the year 1907. This is the year of the Jamestown Exposition, and the convention of Bishops of the Episcopal Church will meet in Richmond, and it is thought that West Brook will be used as Mr. Morgan's headquarters during the year and that he will give a house party to his northern friends who care to come down to the Jamestown Exposition. Several times northern capitalists of international reputation have passed through Richmond, stopped over and spent several days, but none has ever before leased a city or country place near the city for so long a period as a year.

A "Prophet" in Porto Rico.

A report of Manuel Paris, colporteur to the American Tract Society in New York, states that in Ponce, Porto Rico, a false prophet has appeared, representing himself as the spirit of St. John the Evangelist, preaching in the villages of the district, and that a great many people follow him. At times he preaches some Bible truths—at other times the contrary. He commands people to follow him and to wear three crosses hanging from their necks so that Satan may not carry them away. In this manner a great part of the country people follow him; something like 3,000 leaving their houses and their labor. He announced a service, and there met to hear him about 10,000 people.

Soothing and Comforting.

The soothing and comforting effects of DeWitt's Witch Hazel Salve, when applied to Piles, sores, cuts, boils, etc., subdues pain almost instantly. This Salve draws out the inflammation, reduces swelling and acts as a rubefacient, thus circulating the blood through the diseased parts, permitting or aiding Nature to permanently remove the trouble entirely. Chamberlain's Cough Remedy the Best Made

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker, of Poterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by Gibson & Timberman and W. F. Creighton & Co.
